Materials

Frame	Steel
Colour	White

Description

Style is hugely important these days in a retail environment. From a hipster pop-up shop to a garden centre, your retail environment deserves a sleek experience when the customer pays. The armourdog® secure tablet POS kiosk protects your tablet from casual theft and accidental damage in a stylish, no-nonsense design. The clever cable management design and optional extra-length charge cables keep the tablet powered through the day and eliminates cable clutter. Our stands are "radio transparent" and allow Wi-Fi, Bluetooth and 3/4G signals to remain fully functional, while the strong metal fascia prevents both deliberate and unintentional damage. Light enough to carry from tablet to table, why not use the mobile nature of tablets to add another dimension to the retail experience? We pride ourselves in the top-quality materials and manufacturing process we use, which is why all armourdog® products are backed with a 2 year defect warranty.

Features

- Compatible with the Apple iPad Air 1 or 2, the Pro 9.7" and the 2017 iPad
- No-nonsense, theft-proof design
- iPad screen at the perfect angle for point-of-sale use
- Secondary security with Kensington lock hole
- Radio transparent chassis for Wi-Fi, Bluetooth, 3/4G, and NFC
- Custom colours available (MoQ required)
- 2-year warranty

Note. The rear iPad camera can't be used in this stand.
